Samaiden bags solar project worth RM98mil

KUALA LUMPUR: Samaiden Group Bhd has bagged a contract to develop a 39MW rooftop solar photovoltaics system worth RM98.15mil.

In a filing with Bursa Malaysia, the company said it had accepted a letter of award from Ramatex Textiles Industrial Sdn Bhd to undertake the engineering, procurement, construction and commissioning works for the project at six sites in Johor.

The scope of work included design, supply, delivery, installation, testing and commissioning in connection with the project.

Work on the project will commence upon the execution of the letter of award and will complete within eight months upon site possession of each site, tentatively by the third quarter of 2022.
